Table with Date and Response Requested (Within 30 Days)

RESPONSE REQUESTED

COVERED PIPE MATERIALS: All types of pipe material
ATTN: <<Sample A. Sample>>

You are receiving this letter to make you aware of your responsibility in the event of an exterior water service line disruption.

Because the exterior water line on your property belongs to you, you are responsible for paying for any needed repairs to this line. Your water line may weaken and break over time due to damage caused by normal wear and tear, including aging and ground shifting. Because this line is buried underground on your property and is typically not inspected, a failure is almost impossible to predict. In addition, pipe materials vary by region and date of installation, and materials deteriorate at different rates.

Your property at <<Serv_Address1_XXXXXXX>> is not covered with Exterior Water Service Line Coverage from HomeServe, who is working with Metropolitan Utilities District to offer this coverage to eligible customers. Without this optional coverage you may be faced with thousands of dollars in bills to replace the line on your property in the event of a breakdown. Receive up to \$10,000 per service call with multiple calls annually for covered repairs (30-day waiting period includes a money-back guarantee). This protection covers all types of pipe material regardless of how old it is. For just \$4.49 per month, you can avoid paying for the costs of covered repairs to your exterior water service line.

IMPORTANT

Take action to help protect your water service line and finances. Complete and return the enclosed form or call 1-833-805-6754.

PLEASE MAKE PAYABLE TO HOMESERVE

Signature (required)

I authorize HomeServe to charge my account for Exterior Water Service Line Coverage at the frequency specified and my financial institution to debit these payments, plus any applicable taxes, from the account provided. I understand that, regardless of the payment frequency I select, my optional coverage is based on an annual contract and will be *automatically renewed annually* on the same payment terms I selected at the then-current renewal price. I have the option to cancel this contract at any time without additional cost to me by calling 1-833-805-6754. I confirm that I am the homeowner and have read the information in this package, understand there are limitations and exclusions, and meet the eligibility requirements for this coverage.

COMMONLY USED PIPE MATERIALS

Below are common water service line materials. The material your line is made of depends on when it was installed. Breakdowns can happen regardless of the material, and many factors, including aging, corrosion and ground shifting, contribute to water line breakdowns.

Please Complete and Return the Enclosed Form.

Important Coverage Information: Eligibility: An owner of both a residential single structure permanently secured to the ground and the land it is located on may be eligible for coverage. You are not eligible if your property is used for commercial purposes; you know of any current problems with your exterior water service line before enrollment; or your entire exterior water service line is shared with a 3rd party or covered by a homeowners' association or the like. In IA, properties with more than 4 dwelling units are not eligible. Benefit Details: Coverage provides, up to the applicable benefit limit, to repair or replace an exterior water service line for which you have sole responsibility, from your utility's responsibility or external wall of your well casing to the water meter or main shut-off valve inside your home that is damaged due to normal wear and tear, not accident or negligence. Not covered: Branch lines, frozen lines, and damage from accidents, negligence or otherwise caused by you, others or unusual circumstances. Additional exclusions apply. Disputes resolved by arbitration, without class action or jury trial, unless otherwise stated in your full Terms and Conditions. Making a Service Call: Your plan starts the day your enrollment is processed. There is an initial 30-day waiting period before you can make a service call, providing 11 months of coverage during the first year. Upon renewal/reactivation (if applicable), there is no waiting period. Cancellation: Cancel any time by calling HomeServe at 1-833-805-6754. If you cancel within 30 days of your start date, you will get a full refund (less claims paid, where applicable). Cancellations after the first 30 days will result in a pro-rata refund (less claims paid, where applicable). Renewal: The plan is annual. Unless you cancel, your plan automatically renews annually at the then-current renewal price with your same payment terms. See full Terms and Conditions with complete coverage and exclusion details prior to enrolling by calling 1-833-805-6754 or going to www.PlansMUDomaha.com. HomeServe is an independent company, separate from Metropolitan Utilities District. If you would prefer not to receive solicitations from HomeServe, please call 1-833-805-6754.

E-Z Pay: A paperless and stress-free way to pay for your coverage. Payments are automatically debited from the bank/checking account of your choice as your payment becomes due, at no additional cost.

Water service line disruptions: Here's How They May Affect Homeowners

The diagram shows a cross-section of the ground from the STREET on the left to the HOUSE FOUNDATION on the right. A M.U.D. WATER MAIN is shown on the left, connected to a CURB STOP (STOP BOX). From the curb stop, a WATER SERVICE LINE runs horizontally through the ground to a SHUT-OFF VALVE located near the house foundation. A shaded area between the curb stop and the shut-off valve is labeled 'TYPICAL HOMEOWNER'S RESPONSIBILITY'.

Replace water service line (26–100 ft.) \$2,585
PLAN MEMBERS: NO CHARGE[‡]

Locate, excavate and repair leak \$798
PLAN MEMBERS: NO CHARGE[‡]

[‡]National average repair costs within the HomeServe network as of March 2018. No charge for covered repairs up to your service call benefit amount.
 Exclusions apply. See details in accompanying letter.

One of the most common misconceptions regarding water infrastructure is that the utility or the government will take care of the problem if there is a leak on private property, but the homeowner is primarily responsible for the service line that brings fresh water to their home. The bottom line is that homeowners should take steps today to prepare themselves and protect their finances from the costs and damages of water-line related home emergencies.

Homeowners are largely unaware that a leak on their own property is likely their responsibility to fix, often at significant cost. 61% of Americans are unaware that they are responsible for the line that runs from the street to their home.¹

Many may mistakenly assume that the damage is covered by their homeowners insurance policy. Most basic homeowners insurance policies do NOT cover water line breaks due to normal wear and tear on a homeowner's property.

The price tag for replacing a water service line averages \$2,500.² Homeowners can take steps today to prepare themselves and protect their water service lines and finances from the costs and damages of water-line related home emergencies.

¹Ipsos Public Affairs, 2012.

²Estimate based on national average repair costs within the HomeServe network, March 2018.
