GAS INFRASTRUCTURE INSTALLATION

This work will not require any gas service work. We are simply installing gas main in the project area.

WHY

- M.U.D. will be installing a new gas main in your neighborhood as part of our Infrastructure Replacement Program.
- To continue providing safe, reliable gas and water services by maintaining systems as efficiently and cost-effectively as possible.
- Investing in your neighborhood.
- This work will not require any gas service work. We are simply installing gas main in the project area.

WHEN AND HOW LONG

Work will begin soon and continue for a few months, barring any unplanned delays.

WHAT YOU MAY EXPERIENCE

PRELIMINARY WORK marking underground utilities

- One of our technicians will be walking around the project area marking underground utilities.

DURING THE PROJECT gas main installation

- Possible temporary traffic restrictions—for the safety of you and our crews, please slow down when driving in the area.
- Streets, sidewalks, lawns, and landscaping may be affected; however, all will be restored as weather permits.
- A series of large excavation pits to access the existing gas mains will be necessary.
- Trucks and equipment, gas pipe, safety fence and cones.
