## ADVANCE NOTIFICATION

Dear Metropolitan Utilities District Customer,

As part of an upcoming City of Omaha street improvement project, Metropolitan Utilities District (M.U.D.) must relocate gas and water mains in your area. M.U.D.'s focus is on customer safety and satisfaction during this project.

M.U.D. plans to begin construction work soon; this work will continue over the next several months. During the project, traffic in this area may experience lowered speed limits, several lane changes, partial road closures, and the possibility of access restrictions on some of the entrances to the subdivisions as the work progresses. We have been communicating with the City of Omaha to coordinate road closure signage to minimize the impact this project has on traffic.

Customers may also experience temporary gas and water shutoffs as connections are made and services are transferred to new mains. Advance notice will be provided prior to any planned interruption in service.

We understand this may cause an inconvenience to your day-to-day routine and wanted to give you time to prepare and adjust, if necessary. If you have any questions or concerns related to M.U.D.'s portion of the project, please feel free to reach out to me.

For more information on the street improvement project, please visit:

Sincerely,

Julie Thacker  
Customer Engagement  
[julie\\_thacker@mudnebr.com](mailto:julie_thacker@mudnebr.com)  
(402) 504-7957

M.U.D. continues to implement best practices and follow guidance provided by the Center for Disease Control, our local health organizations, as well as the American Gas and Water Associations. All staff have access to personal protective equipment (PPE) and will be using this equipment.
