GAS and WATER INFRASTRUCTURE RELOCATION

WHY

- Relocating gas and water mains ahead of City of Omaha road improvement project (<http://keepomahamoving.com/projects/156th-street-pacific-street-wycliffe-drive>)
- Investing in your neighborhood
- To continue providing safe, reliable gas and water services by maintaining systems as efficiently and cost-effectively as possible

WHEN AND HOW LONG

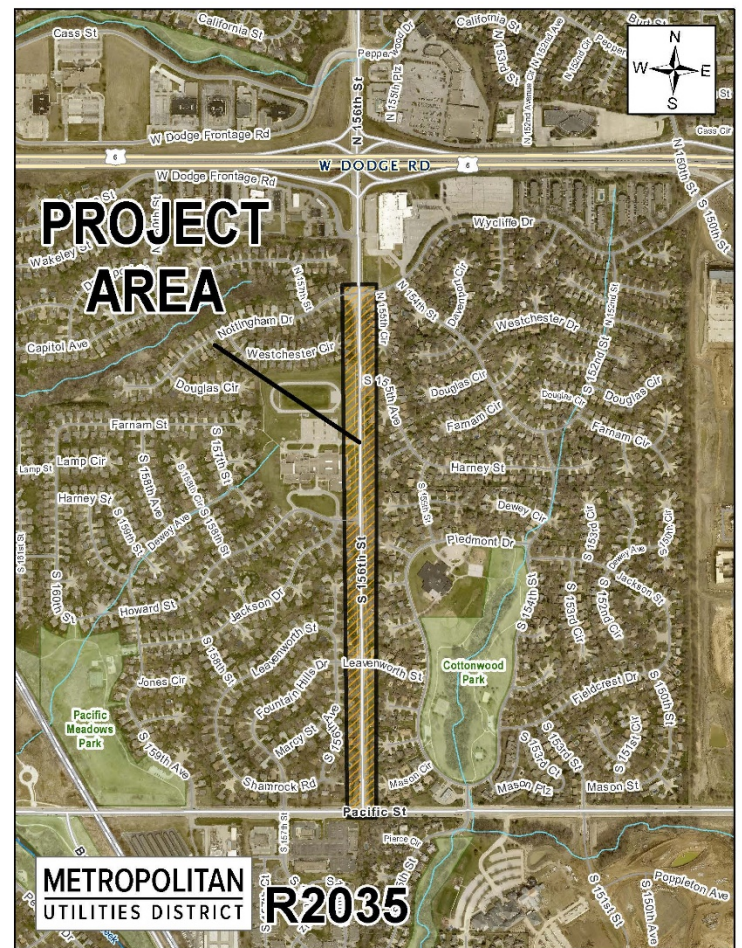

- Gas work will start very soon and continue for approximately one month, barring any unplanned delays
- Water work is scheduled for next year in 2023—date to be determined

WHAT YOU MAY SEE

- Installation of new mains behind curb line
- Excavation pits of various sizes
- Trucks and equipment, gas and water pipe, safety fence and cones
- Streets, lawns and landscaping may be affected; however, all will be restored as the project progresses or after the project.

TRAFFIC

- May be some lane restrictions in the project area
- For the safety of you and our crews, please slow down when driving in the area.

Hydrants are generally in easement or Right of Way (ROW) and may be moved to accommodate the new main location and meet all fire codes.
