

METROPOLITAN UTILITIES DISTRICT

PROJECT AREA
**Q Street from 86th Parkway to 84th Street and
continue in 90th Street and Q Street**
project map below

PROJECT NUMBER **WP1976**

Si desea más información acerca este proyecto en español,
por favor llame al **402.554.6666**

March 2023

WHAT

M.U.D. must install a new 12" water main in Q Street from 86th Plaza to 84th Street. This work is being done to improve system reliability and fire protection to an isolated portion of Zone 2. In addition to the overall system improvements, this work will provide a reliable water source to this area while an existing source is replaced as part of an upcoming water infrastructure replacement project.

WHEN AND HOW LONG

M.U.D. anticipates starting in the red outlined area in the next couple of weeks, barring any unplanned delays. Work will sporadically continue for a couple months in the remainder of the project area in 90th Street and Q Street.

TRAFFIC

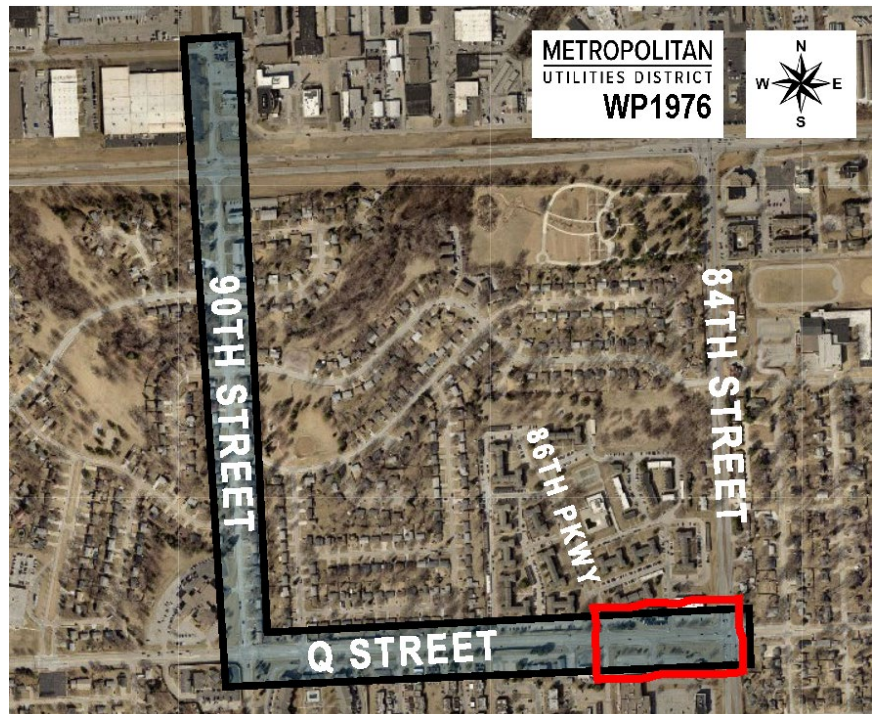

Q Street and 90th Street may have lane restrictions throughout the project. For the safety of everyone, please slow down when driving in the area.

EXCAVATIONS

Excavations of various sizes will exist throughout the project area.

DRIVEWAY ACCESS

Commercial and residential customers will continue to have driveway access throughout the project.

Hydrants are generally in easement or Right of Way (ROW) and may be moved to accommodate the new main location and meet all fire codes.

If you have any questions or concerns, please contact us.
