METROPOLITAN UTILITIES DISTRICT

Minutes of the Committee Meeting

June 4, 2025

Chairman Tim Cavanaugh called to order the Committee meetings of the Metropolitan Utilities District Board of Directors at 1:00 p.m. at its headquarters building located at 7350 World Communications Drive.

Advance notice of the meeting was published in the print version of *The Omaha World-Herald* on Sunday, May 25, 2025. Notice was also provided on the MUD website at www.mudomaha.com and other social media platforms. Agendas and all pertinent Board materials to be presented at the meeting were emailed to Directors and posted on the MUD website on May 30, 2025.

Chairman Cavanaugh announced that the meeting was being livestreamed, and a recording of the meeting would be uploaded to the MUD website after the meeting's conclusion.

Safety Briefing

Vice President, Safety and Security Shane Hunter provided a safety briefing for all individuals attending the meeting in-person regarding protocol at the headquarters building in the event of an emergency.

Roll Call

On a roll call vote, the following Directors acknowledged their attendance: Jim Begley, Tanya Cook, Dave Friend, Bob Sidzyik, Mike McGowan, Gwen Howard and Tim Cavanaugh.

Open Meetings Act Notice

Chairman Cavanaugh announced that a copy of the Open Meetings Act was located on the wall in the back of the Board Room.

Outstanding/Distinguished Service Award

On behalf of the Board of Directors and Management, Director Cavanaugh presented Gas Distribution employees Robert Blakely, Zach Rose, and Nick Haynes with the Outstanding Service Award for heroic lifesaving efforts amidst an accident outside of the LNG plant on April 23, 2025. The quick response from Mr. Blakely, Mr. Rose, and Mr. Haynes' reflects the District's core principles of care and safety for our customers and community.

Construction and Operations – Friend, Sidzyik, Cavanaugh

Senior Vice-President and Chief Operations Officer Kendall Minor presented the proposed capital expenditures as outlined in his letter to the Committee dated May 29, 2025.

Director of Plant Engineering Trevor Tonniges presented the acceptance of contracts and payment of final estimates as outlined in his letter to the Committee dated May 23, 2025.

Mr. Tonniges continued, presenting Change Order 1 – WP1871 Southeast Bellevue Water Main Extensions.

Vice-President of Procurement & Enterprise Services Jon Zellars presented the bids on materials and contracts as outlined in the letter to the Committee from Director of Procurement Sherri Lightfoot dated May 22, 2025. A brief discussion took place regarding the procurement and cost of chlorine.

Services and Extensions – Friend, Begley, Howard

Vice-President of Engineering Masa Niiya presented the proposed main extensions as outlined in his letter to the Committee dated May 27, 2025.

Personnel – Begley, Sidzyik, Friend

Vice-President of Human Resources Bonnie Savine reviewed the wage and/or salary increases and ratifications as outlined in her letter to the Committee dated May 27, 2025.

Ms. Savine continued, presenting the selection of Senior Vice-President and Chief Financial Officer, Steve Dickas as outlined in her letter to the Committee dated May 27, 2025.

Finally, Ms. Savine presented the amendment to allow for Roth 457(b) contributions as outlined in her letter to the Committee dated May 28, 2025

Justice & Legislative – Cavanaugh, Cook, Howard

Senior Claims Adjuster Mike Conrad presented the Settlement of Claim request for West Haven Apartment Complex as outlined in the letter to the Committee from Senior Vice-President, General Counsel Mark Mendenhall dated May 29, 2025.

Government Relations Attorney Rick Kubat reviewed the fifth legislative report of the 2025 session as outlined in his letter to the Committee dated May 26, 2025.

Accounts. Expenditures. Finance & Rates – McGowan, Begley, Cook

Mr. Kubat continued presenting the lead services line cash fund loan request as outlined in his letter to the Committee dated June 3, 2025. Discussion took place regarding the loan, current obligated funds, and other funding options.

Insurance & Pension – Howard, McGowan, Cook

Vice President of Accounting Steve Dickas presented the Insurance Renewals as outlined in his letter to the Committee dated May 29, 2025. Mr. Dickas introduced Tim

Floro of Gallagher, who joined virtually, to answer any questions the Board may have. Discussion took place regarding future insurance coverage of the LNG Plant and Caverns.

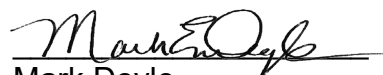

Committee of the Whole

Senior Vice-President and Chief Information Officer Sue Lobsiger provided a brief background of the District's use of SAP and the system upgrade to S4HANA. She thanked the IT staff and District Champions for their dedication to the project and acknowledged the sacrifice of the employees and their families throughout the last 18 months to bring the project to fruition. Vice-President of IT Jinson Pappalil presented an IT Project Update on the S4HANA migration, highlighting the cost savings, cross-District collaboration, and quality of work performed by District staff and contractors. The Board thanked Mr. Pappalil and the IT team for their commitment to the project, making this a success for the District and the customer-owners.

Public Comment

Chairman Cavanaugh asked if there were any further comments from the Board or if any member of the public would like to address the Board.

At 2:04 p.m., Chairman Cavanaugh announced the Committee Meetings had concluded, and the Board would reconvene in ten minutes for the regular monthly Board Meeting.

1. JOB #: R2350 (100053001612 - \$462,000), (100067001584 - \$56,300), (100053001644 - \$68,000), (100067001596 - \$6,900), (100054001185 - \$73,000) & (100068001170 - \$16,100) - **REVISION**

PROJECT COST: \$682,300

LOCATION: South 45th Street to South 48th Street & Capehart Road to Lawnwood Drive

PURPOSE: Relocate water and gas mains

DESCRIPTION: This project was previously approved by the Board on 5/7/2025. Additional job numbers, 100053001644 and 100067001596 have been added to this project to track reimbursable portions of water main relocations. The project scope and overall estimated cost have not changed.

This work is required to eliminate conflicts with proposed grading, paving, and storm sewers being done for Sarpy County Project No. C-77. The gas relocations necessary as part of this project began in May 2025 and the water relocations are expected to begin August 2025. All work will be constructed by District crews. A portion of this work is reimbursable as there are some water mains that are installed within permanent easement. The estimated cost for this work is \$74,900.

2. JOB #: R2356 (100053001618 - \$70,000), (100067001590 - \$8,000), (100054001188 - \$23,000) & (100068001174 - \$1,300)

PROJECT COST: \$102,300

LOCATION: California Street from N. 15th Street to N. 16th Street

PURPOSE: Relocate water and gas mains

DESCRIPTION: This work is required to eliminate conflicts with proposed grading and a new building being constructed near 1515 California Street. This project is anticipated to begin July 2025 and will be constructed by a District crew. This work is reimbursable as the

project is private in nature.

3. JOB #: WP2033 (100051001089 - \$120,000)

PROJECT COST: \$120,000

LOCATION: Leavenworth Street east of S. 80th Street

PURPOSE: Install 400' of 6" water main

DESCRIPTION: This work is being done to improve water system reliability and meet modern fire protection requirements for the area. The new 6" water main along Leavenworth Avenue will provide a new feed for this area and better interconnect the distribution system. This project is anticipated to start in July 2025 and will be constructed by Roloff Construction as part of an Infrastructure Replacement project being performed in the area.

4. JOB #: R1858 (100053001586 - \$25,440,000) & (100067001557 - \$1,430,000) –

STREETCAR PROJECT

PROJECT COST: \$26,870,000

LOCATION: Along Farnam Street & Harney Street, from 8th to 28th Street, and along 8th & 10th Street from Farnam Street to Capitol Avenue.

PURPOSE: Relocate water mains

DESCRIPTION: This work is required to eliminate water main conflicts on the City of Omaha's Streetcar Project OPW 54338. This phase will be the third of four (4) water relocation projects along the currently proposed streetcar route. This work is anticipated to begin July 2025 and will be constructed by Hawkins Construction Company, which entered a contract with the City of Omaha to complete the work for \$26,870,000. MUD's work on this project will be limited to, for example, field inspection and documentation purposes. MUD's costs for such work will count toward MUD's \$7.6 million Streetcar contribution limit agreed to by the City of Omaha.

Inter-Department Communication

June 27, 2025

Subject: RECOMMENDATION TO UTILIZE CONSULTANT SERVICES FOR WATER MAIN CONSTRUCTION COORDINATION AND OBSERVATION SERVICES RELATED TO STREETCAR

To: Committee on Construction and Operations
cc: All Board Members; President Doyle; Senior Vice Presidents Ausdemore, Dickas, Lobsiger, Mendenhall, Minor, Myers, and all Vice Presidents

From: Masa Niiya, Vice President, Engineering

Management is seeking approval for construction coordination and observation services under the existing HGM professional services agreement to support on-going City of Omaha Streetcar project ("Streetcar") related construction estimated to continue through March of 2027. The existing HGM professional services agreement was approved by the Board in November of 2024 and is valid through December 10, 2027.

HGM has supported Streetcar related design and bidding efforts and has knowledge of District standards and an understanding of how the District's water relocations fit within the broader Streetcar construction scope.

The Streetcar project is owned by the City. The District is not a party to the contract between the City and its general contractor. That contract details water, sewer/wastewater and power relocations to support track construction. The District's involvement is to ensure the City's contractor relocates water mains and services in accordance with the District's construction standards and its approved water relocation designs.

Thus far, internal District project management and inspection staff have been able to support ongoing construction within what the City refers to as their "West Utilities" and "Bridges" packages. These two packages are currently scheduled for completion in December 2025 and December 2026, respectively. There are two packages remaining for the "East Utilities" and "Turner Boulevard" scopes that also includes relocation of District water mains.

The water main relocation aspect of the East Utilities package was recently bid by the City of Omaha and awarded to Hawkins Construction Company. This work will include multiple Hawkins water main crews working simultaneously to meet the City's aggressive schedule which established a March 2027 completion. The Turner Boulevard package will be bid in early August with construction occurring from the winter of 2025 through winter of 2026/27.

Due to the expected volume of upcoming construction activity involving overlapping

schedules, multiple crews, and tight completion windows, District staff engaged HGM to scope out a plan to support the expected level of effort needed to supplement current District resources to meet the City's construction schedule.

HGM's project management and observation work is necessary to protect the District's water distribution system and its ability to meet its mission of delivering water to the Omaha metropolitan area.

The attached amendments include a fulltime project coordinator and two construction observers. The project coordinator will work with District Engineering and Water Operations staff to review submittals, change proposals, RFIs, field changes, and any unforeseen conditions or utility conflicts that may arise during construction. They will also assist with overall coordination to represent the District's interests as it relates to the overall Streetcar construction.

The construction observation scope includes one full-time construction observer for the duration of the water related work (estimated completion March 2027) with a second construction observer being utilized during peak construction season next year (estimated March 2026-September 2026).

These services will be billed hourly, based on actual hours requested and approved by the District, with an estimated total cost not-to-exceed in the amount of \$369,600 for the project coordination, and \$781,640 for construction observation services. The total estimated not-to-exceed cost for all services is \$1,151,240.

The City Omaha has been provided a copy of these agreements for awareness. The cost of these services along with any other Streetcar related District costs that are in excess of the total of \$7.6M previously approved by the Board, will be billed to the City for reimbursement.

Subject: CHANGE ORDER 1 – PLATTE WEST WATER PRODUCTION FACILITY–
REGULATORY COMPLIANCE PROJECT DECHLORINATION; HAWKINS
CONSTRUCTION COMPANY; WP2116 (100035000014)

To: Committee on Construction & Operations
Cc: All Board Members, Doyle, Minor, Myers, Mendenhall, Ausdemore,
Lobsiger, and All Vice Presidents

From: Trevor Tonniges, Director, Plant Engineering

On October 21, 2024 the District entered into a contract with Hawkins Construction Company to complete the installation of a new effluent dechlorination system at the Platte West Water Production Facility. The original contract price was \$885,000. This Change Order No. 2 results in a net add of \$27,215. This will change the total contract price to \$912,215.

This change consists of seven unique items. The dechlorination systems are relatively complex chemical feed systems to remove chlorine residual from waste water at Platte West. The systems are operated by Plant staff on a daily basis. Throughout construction, Plant operations staff identified numerous issues in the new system that required additional instrumentation and control to improve system operation. These changes were coordinated with the engineer of record, District operations personnel, and the contractor. They were tracked individually throughout the duration of the construction schedule and compiled into a single change order. Accounting of each change in greater detail is included for reference.

Change order item 6 is specific for additional time on site for the contractor. Hawkins, as the general contractor, spent an additional 3 weeks at the facility to perform and coordinate the additional work noted in this change order by various subcontractors

All work at the Platte West facility is now substantially complete. Several of these items were required to place the new dechlorination system into operation and complete the required Nebraska Department of Environment and Energy (N.D.E.E.) inspection.
